NARRATIVE

On April 21, 2020 I was contacted by Sgt. [redacted] and asked to review a patrol incident involving narcotics where the evidence alledgedly was not turned in to the property room. Sgt [redacted] advised the incident occurred at Highland and Rutherford in the Highland neighborhood of Shreveport on April 17, 2020 on shift C. I advised Sgt [redacted] I would research the incident on April 22, 2020.

On April 22, 2020 I researched the RMS database for calls for service and for evidence turned in by any of the Area 2 C shift and early side A shift officers.

I located one report, CAD # 20-060693 written by Officer [redacted] at 1200 Gilbert at 1739 hours where narcotics were submitted as evidence. Based on the location and time of day, this report was ruled out as being the incident described to me by Sgt. [redacted]

I then located a call for service, CAD # 20-060808 which was dispatched as a disorderly person at 452 Rutherford. The call for service indicated the suspect ran and 6C4 was not answering the radio. The call for service indicated units were at Columbia and Highland at 2211 hours. This incident matched the description of the incident described to me by Sgt. [redacted] I then began reviewing MVS videos of the officers who responded to the scene. I located video for Officer [redacted] which shows two officers standing a suspect up and searching him in front of unit 533. Officer L. Meyers #1609, assigned as 6C4 in unit 570, appears to be the lead officer on this incident based on the call for service and the activity observed on the video. I was initially unable to locate video for Officer Meyers because he was not logged in to his MVS. I then located the video by searching for his assigned unit, unit 570. After reviewing these videos, it is apparent narcotics were recovered during this incident. It is difficult to determine the exact quantity of narcotics, but marijuana and MDMA were recovered. There was no offense report written on CAD 20-060808 and no evidence bar coded or submitted to the property room to be destroyed or kept as evidence. During the review of the MVS for this incident, Officer Meyers can be heard stating he was going to take the suspect to Bossier and drop him off and then makes a statement indicating he is going to discard the narcotics in the river.

I have flagged the aforementioned videos to be saved in the system and will schedule an interview with Officer Meyers. This investigation is on-going.

NARRATIVE

Sgt. S.D. Willis # 395

On April 24, 2020 at 0918 hours, I initiated phone contact with Shreveport Police Officer Lathan Meyers # 1609, and advised him I needed him to come to the department to be interviewed in reference to this investigation. Officer Meyers advised he was not going to do that, because he had not been advised of the reason he was placed on administrative leave. I told Officer Meyers he should have been told he was on leave for violation of departmental rules and regulations and he would be contacted with further instructions. I advised Officer Meyers his presence was not optional, but he did have the right to consult with an attorney and to not provide a statement. Officer Meyers advised he would consult an attorney and call me back.

On April 24, 2020 at 1047 hours, having not heard back from Officer Meyers # 1609, I initiated a second call to him. I advised Officer Meyers, I was instructed to give him a direct order to come to the police station and contact me. I further advised Officer Meyers this order did not prevent him from exercising his rights or require him to make a statement if he did not want to do so. I explained to Officer Meyers if he wanted time to obtain counsel, we could schedule an interview, but he would still be required to come to the station on this date.

At 1109 hours, I received a call from Attorney [redacted] advised he would be representing Lathan Meyers and asked what the case was in reference to. I advised Attorney [redacted] the investigation was in reference to missing evidence from a patrol call Meyers made. An appointment was set up for Lathan Meyers and Attorney [redacted] to be at the station at 1430 hours on April 24, 2020 for an interview. I received another call from [redacted] at 1416 hours asking if the interview could be pushed to 1530 hours. See supplement report for details of the interview with Lathan Meyers, and his attorney, [redacted]

Sgt. S.D. Willis # 395

On April 24, 2020 at 3:35 pm, Lt. [redacted] conducted an audio recorded interview with Officer Lathan Meyers in the presence of his attorney, [redacted]. Myers is currently employed as a police officer with the Shreveport Police Department. I began the interview by advising L. Meyers of the nature of the investigation and of his rights per Miranda (as read from a standardized rights form) in accordance with article 218.1 of the Louisiana Code of Criminal Procedure.

The following is a summary of the audio recorded interview with Lathan Meyers and his attorney [redacted]. To hear the interview in its` entirety please refer to the audio recording.

Lathan Meyers advised he understood his rights and wanted to answer question in reference to this investigation. Lathan Meyers signed the standardized rights form indicating he understood his rights and wanted to make a statement. This investigation is in reference to a dispatched disorderly person call at 452 Rutherford on April 17, 2020 at 2202 hours.

Meyers states he has been employed with the Shreveport Police Department since February of 2019. Meyers states his police training officers were David Francis, FNU Mayshack, Brian Ross, and Jeff Couch. Meyers advised the call was in reference to a disorderly person and as soon as he arrived on scene and got out of his vehicle, he immediately noticed a silhouette towards the back of the house at the tree line. Meyers states it looked like somebody was running so he put his flashlight on it, and someone was running. Meyers advised he got into a foot pursuit with the individual. Meyers advised he could not say how far the pursuit lasted before he caught the individual. Meyers advised at that time, Officer [redacted] showed up and he had the individual on the ground and handcuffed. Meyers advised they searched the suspect and put him in the back of [redacted] car. Meyers advised they never went back to Rutherford but believed they ended up at Columbia. Meyers states he chased the suspect a good distance through the alley and during the chase it appeared the suspect was throwing stuff from his pockets. Meyers advised after the suspect was placed in [redacted] car, he went back and tried to find the items the suspect was throwing. Meyers states they recovered a bag that looked almost like a lunch bag. Meyers states the bag was brought in front of the camera and mixed in with the suspect`s personal belongings was some narcotics. Meyers states there was a sandwich bag of weed and a thing of pills that appeared to be ecstasy pills. Meyers states they were trying to identify the suspect so he could work on an affidavit. Meyers states the charges they had were Resisting, Possession of Schedule I and Possession of Schedule II and possibly something else. Meyers states the suspect would not identify himself. Meyers states the suspect was either intoxicated or a mental patient and was uncooperative throughout the contact with officers. Meyers states this was around the time Sgt [redacted] showed up at the scene. Meyers states [redacted] showed up. Meyers advised Sgt. [redacted] was not there long before leaving the scene. Meyers advised they were trying to come up with a plan on what to do with the suspect so he called the Caddo Correctional Center to see if they would take him. Meyers advised Caddo

NARRATIVE

transferred him to several people and he advised them of the charges he had on the suspect and the suspect would not identify himself so Meyers was trying to see if they would take the suspect. Meyers states the last person he talked to at Caddo told him to contact the Shreveport City Jail. Meyers said he then called Shreveport City Jail and advised them of the charges he had on the suspect. Meyers advised jail personnel told him he could bring him up there and then they could call the captain at Caddo to see of Caddo would accept the prisoner. Meyers states he thought the whole thing was "quite the cluster fuck" since he was supposed to be getting off right about that time. Meyers states he called Sergeant Hathorne and advised him he wanted to drop the suspect off in Bossier and get rid of the drugs. Meyers said the suspect could not be given a summons because they could not identify him and the whole situation with the jails and Corona Virus was "a cluster". Meyers advised he told Sgt. Hathorne he was going to do that on the phone, and he said that was fine. Meyers advised he wasn`t trying to be secretive about what he was doing, he made it clear about what he was going to do, and that`s that. Meyers states they put the suspect in the back of his car, because the suspect had been in Lafitte`s car. Meyers states he is not too familiar with Bossier, because he moved up here for the police academy. Meyers states he doesn`t have any business in Bossier and it was also nighttime, so he doesn`t know the area well. Meyers states he got on Benton Road in close proximity to the Porter`s Dry Cleaning. Meyers states he pulled in, it was secluded, and he put the drugs in the trash can. Meyers states he gave this guy his property and told him to "stay the fuck out of Highland". Meyers states he then went to the station and got off work. Meyers advised the suspect did not ask to go to Bossier, the suspect was either inebriated or mental and was not really talking to them. Meyers states the suspect was not really saying anything to them, he was screaming and eventually he calmed down, possibly falling asleep. Meyers states after talking to the complainant, the suspect was in an argument and trying to fight a female over a cell phone. Meyers advised he was trying to remove the suspect from the scene because of the fight over the cell phone. Meyers states he let the suspect go at the same place he discarded the narcotics, but he did not think the suspect was cognizant of the drugs being thrown away at the same location. Meyers states he did not take any photographs of the drugs with his phone, but the MVS should have caught the drugs on the hood of Lafitte`s car. Myers advised he did not call in on the radio to advise he was transporting the suspect to Bossier and his video was not on when he transported the suspect to Bossier. When asked why, Meyers advised he knew it was against policy to take someone to Bossier, he knew he was "fucking up" when he did that. Lt. Winn asked Meyers, "but you did it anyway?" Meyers nodded his head in agreement but did not answer verbally. I asked Meyers if the policy violation was the only reason he turned the video off and he answered yes. I asked Meyers if there was a trash can or dumpster at Porters. Meyers advised there was a trash can somewhere in that area near Porters, but he could not tell me exactly where, just near Porters. Meyers states he does not have prior law enforcement experience and was never told during training it would be okay to do away with evidence. Meyers states it is talked about and it is one of those old school police things. Meyers states it obviously does not fly now. Meyers was asked to describe the narcotics that were located in this incident. Meyers states there were no more than 20 multicolor pills believed to be ecstasy and no more than 4 to 5

grams of marijuana. Meyers states none of the narcotics were field tested. Meyers never mentioned the crack cocaine discussed on the video. Meyers states he can not take me to the exact trash can but can take me to the area where he threw the narcotics away. Meyers states it was nighttime, but he can take me to the general area. Meyers states time and frustration were the only reasons he did not write a report and turn the evidence in to be destroyed. Meyers states this is the only time he has really done something like this. Meyers states before the virus there was a clear-cut thing on what to do, the process was easy and this time the process was complicated. Meyers states he used a very ineffective method. Meyers states the last felony arrest he had was approximately a month ago where he had a domestic violence with child endangerment and the jails would not take the suspect. Eron Brainard asked Meyers if it ever occurred to him, he could let the suspect go and still turn the evidence in to the property room. Meyers states that was not really a thought, but the time and frustration was the reason he decided to do this. Meyers states he called Sgt. Hathorne to run the plan by him. Meyers states he was not trying to be discrete about this or trying to hide it. Meyers states he did not keep the evidence for personal use or gain. Meyers stated again he threw the narcotics away. Meyers states he threw the evidence away to get rid of it and to resolve this situation. Meyers states he was never able to get the suspect positively identified. Meyers advised he did not personally speak to the complainant that extensively and did not want to misspeak. Meyers states there has been a lot going on with the current situation and he was also present during an incident where a suspect died in police custody a couple of days prior to this incident. Meyers states this is not a common practice for him, and no one instructed him to throw the narcotics away. Eron Brainard asked Meyers if he had ever dumped evidence before and Meyers answered no. Eron Brainard advised Meyers was currently a student at Northwestern and served four years in the Marine Corp and was honorably discharged, and a graduate of Many High School and ran track. Meyers asked me what was next on this case, and I advised him the case would be forwarded to the Caddo Parish District Attorney`s Office for review. The interview was concluded at 3:59 pm.

NARRATIVE

Sgt. S.D. Willis #395

On April 28, 2020 at 2104 hours, Agent S. Coleman and I (Sgt. S.D. Willis #395) conducted an audio recorded interview with Officer Jalisa Lafitte with the Shreveport Police Department in reference to this case. I notified Lafitte she was a witness in this case which was dispatched at 452 Rutherford on April 17, 2020 at 2202 hours. The following is a summary of Officer J. Lafitte`s interview. To hear the interview in its` entirety, refer to the audio recording.

I asked Lafitte to tell me what happened on the call. Lafitte states the call went out as either a disturbance or disorderly person call. Lafitte states a male was on the porch being aggressive and took a lady`s phone and she wanted her phone back. Lafitte states she heard an officer say the suspect was running west so she came down Highland and saw the officer and the subject on the ground. Lafitte states when she arrived Officer Meyers was the only officer present with the suspect. Lafitte states Officer M. Davis came running down the alley shortly after her arrival. Lafitte states she believed Officer Davis arrived just after Meyers, but Davis fell during the foot pursuit. Lafitte states after they sat the suspect in the back of the car, Meyers said he saw the suspect throw something. Lafitte states there was a house with a fence a little north of where they were, and they went in the fence and recovered a black toiletry bag. Lafitte reviewed the video as the suspect`s property was searched/inventoried. Lafitte states the bag of marijuana in the suspects property was less than 10 grams, but she could not say the exact amount. While reviewing the video, Officer Lafitte recalled recovering a small bag of crack cocaine. Officer Lafitte said there was one to two small rocks of crack (indicating .1 to .2 grams of crack cocaine). In the video Officer Lafitte referred to pills in a bag. When asked about this in the interview she said they were not prescription pills. Lafitte is seen on the video holding up another plastic bag and saying, "he got some beans" referring to ecstasy pills. I asked Lafitte how many ecstasy pills were in the bag and she answered more than 10 but she was unsure of the exact amount. Lafitte states there was some mail in the bag addressed to Lamar Washington. Lafitte states everything was handed to Officer Meyers. Lafitte states she did not leave the scene with any of the suspects property or evidence. Lafitte states if she stops someone with narcotics, she takes them to the jail and then return to the station to log in the evidence. Lafitte said if the suspect is not being arrested the only other option, she knows of is to have the suspect destroy the narcotics in the presence of one to two officers. Lafitte states she does not know where the suspect ended up but Meyers said he was taking him to Bossier. Lafitte state when she left the scene, both the suspect and narcotics were with Officer Meyers. The interview was concluded at 2122 hours.

NARRATIVE

Sgt. S.D. Willis # 395

On May 7, 2020 at 2116 hours Lt. J. Peters and I (Sgt. S.D. Willis # 395) conducted an audio recorded interview with Sgt. Steve Hathorn. Sgt. Hathorn was interviewed as a witness in this case; therefore, he was not advised of his rights per Miranda. I advised Sgt. Hathorn of the nature of the call I wanted to interview him about and queued video of the incident to be reviewed by Sgt. Hathorn. I asked Sgt. Hathorn if he remembered the incident and he said he did.

I asked Sgt. Hathorn to tell me about the incident. Sgt. Hathorn advised he heard the call go out and heard the officers chasing someone and they "33`d the channel" (meaning the SPD East channel was cleared for emergency traffic only) and dispatch was calling the officers and no one was answering the radio. Sgt. Hathorn advised he went to check on the officers. Sgt. Hathorn advised when he got on scene they already had the suspect behind the car and had "the weed and all the other crap on the hood of the car". Sgt. Hathorn advised the officers described briefly what was going on and he made sure everyone was ok and then left and went on about his business. Sgt. Hathorn advised he was just starting his shift when this incident occurred. Sgt. Hathorn advised the officers on scene were evening shift officers except for Officer Lafitte who is on shift A with Sgt. Hathorn. Sgt. Hathorn states the officers did call him from the scene. Sgt. Hathorn states Meyers told him the jails were giving him "the run-around" about taking the suspect at the jail. Sgt. Hathorn states Meyers asked him if he minded if he (Meyers) did not arrest the suspect and took him to Bossier. Sgt. Hathorn states he asked Meyers, "why Bossier, does he have family in Bossier?" Sgt. Hathorn states Meyers said yes. Sgt. Hathorn states he told Meyers, I can`t tell you what to do but, you would be helping me out because the suspect was complaining of a respiratory infection and an officer would have to go to the hospital with the suspect and stay all night. Sgt. Hathorn states he never told Meyers not to arrest the suspect or that he could not arrest the suspect. At this point, I played the video for Sgt. Hathorn. Meyers can be heard saying, "Hey, I`m just going to drop this dude off in Bossier". There is a pause in the conversation and Meyers then says "Yeah, I can, yes it is a cluster fuck and I already talked to the jail and I talked to Caddo, we don`t even know if the jail will take him and if they did he would have to go to the hospital". Meyers then says "alright, appreciate it boss, you have a good one". The phone call ends with no discussion of the narcotics. After the phone call with Sgt. Hathorn ends on the MVS video, Officer Meyers can be heard telling the other officers at the scene, "alright, I got it handled, I`m going to drop this dude off in Bossier, and this shit is going in the Red River". Sgt. Hathorn said they never discussed the narcotics on the phone and he would never tell an officer to throw narcotics in the river. I asked Sgt. Hathorn if there were any other details of the case he wanted to add or we had not discussed. Sgt. Hathron advised there was no other information about the incident. Lt. Peters then asked Sgt. Hathorn for clarification about the summary of the incident. Sgt. Hathorn advised he gave permission for the officer to give the suspect a ride to Bossier because it was his understanding the suspect had somewhere to go in Bossier (a residence or family member) and the officer would write

NARRATIVE

Sgt. S.D. Willis # 395

I conducted a follow up investigation in this incident to determine if narcotics were recovered, and if narcotics were found to be recovered, were they handled by acceptable guidelines or common practice to rule out the possibility of wrong doing by any member of the Shreveport Police Department.
In an attempt to reveal all of the facts of this investigation I have searched for and reviewed all MVS video pertaining to the incident, conducted audio recorded interviews, obtained GPS data for SPD unit 570 during the time of this incident, and located/identified Lamar Washington to confirm his wellbeing.

At the conclusion of the activities listed above, I have learned the following:

Officers responded to a disorderly person involving Lamar Washington (B/M, 8/9/82) at 452 Rutherford. Washington fled on foot and was pursued by Officer Meyers and Davis. Officer Davis falls during the foot pursuit and is not immediately on scene when Washington was taken into custody by Meyers. During the foot pursuit, Officer Meyers sees Washington throwing items over a fence. A small black bag is recovered from the area Washington was seen throwing things during the foot pursuit. The small black bag is taken to the front of unit 533 and searched/inventoried. The bag is found to contain marijuana, crack cocaine, and ecstasy (MDMA) pills and a document with the name "Lamar Williams", an alias of Lamar Washington`s. The exact amount of each narcotics was not determined, but the best estimate obtained during this investigation is less than 10 grams of marijuana, .1 to .2 grams of crack cocaine, and 10 to 20 ecstasy pills. Officer Meyers talks to several people at Caddo Correctional Center to determine if the jail will take Washington. During this phone call, Officer Meyers states the charges he would have on Washington are Resisting, Possession of Schedule I, and Possession of Schedule II. At some point in this incident, Sgt. Hathorne arrives on scene and leaves and is later contacted by phone and speaks to Officer Lafitte and Officer Meyers. Officer Meyers decides to take Washington to Bossier and makes several statements about getting rid of the narcotics. Officer Davis is heard several times telling Officer Meyers she will log in the narcotics. Officer Lafitte tells Officer Meyers he can destroy the evidence on scene in front of the camera or turn in the evidence to be destroyed. Officer S. Timms tells Officer Meyers to destroy the evidence in front of the camera. Officer Meyers insists on leaving the scene with the narcotics. Officer Meyers video is turned off. Officer Meyers (unit 570) GPS data shows Officer Meyers leave the scene and leave Caddo Parish traveling east on I 20. Unit 570 travels into Bossier City and then returns to Shreveport. Officer Meyers (unit 570) travels west on I-20 o I-49 south to Pierremont, then north on I-49 to the station when he returns to Caddo Parish. During my interview with Officer Meyers he states he threw the narcotics away in Bossier City, but there are no witnesses or video to corroborate this statement and Officer Meyers states he could only take me to the general area where the trash can was located because he is not familiar with Bossier.

NARRATIVE

Lamar Washington was arrested by Officer Zweydoff on 4/27/2020 and was at the Caddo Correctional Center. Many of the reports in RMS indicate Washington is uncooperative with police and possibly a mental patient, and therefore was not interviewed as part of this case. Officer Meyers states Washington did not see where he discarded the narcotics so Washington would not be able to attest to this fact and would not likely admit to or quantify an amount of narcotics he possessed. A statement from Washington would only determine he is in fact safe which is reasonably determined by his incarceration at the Caddo Correctional Center.
